

# Dinnerware Patterns

Elegance, Style, and Value combine to create the Dinnerware selections in the Cardinal Portfolio of patterns. From Extra Strong Porcelain, Maxima® bodies, and vitrified bodies in our ceramic patterns to Fully tempered Glassware and our Signature Opal® and New Zenix® collections, Cardinal offers the best solutions for your foodservice needs.

The Cardinal Portfolio provides a range of patterns and collections that are designed for longevity and developed to satisfy the needs of Professionals.

Our latest innovation from the Design Engineers at Arc International is Zenix®, a revolutionary new mineralized material and new manufacturing process which results in the ultimate dinnerware answer for food service professionals. Its strength against breakage and chipping is a full four times stronger than ceramic dinnerware and it's flawless finish is impervious to metal marking and scratching. The Zenix® patterns carry a 5 year chip guarantee and can qualify for a *first ever* 10 year shape guarantee.

We are pleased to introduce Bone China in Arcoroc, where the strength and durability of 51% bone Ash is perfectly complemented by affordability within the marketplace. Our Bone China patterns are backed up with a 5 year chip guarantee.

Our Extra Strong Porcelain patterns carry a full 5 year chip guarantee on ALL pieces in the collection - yes, even on cups, saucers, and square corners. Extra Strong porcelain offers up to twice the mechanical resistance of ordinary china bodies - reducing resupply costs and providing ware that simply stands up to professional usage. Our Maxima body is made with a high Alumina additive to deliver beautiful and elegant designs with maximum strength and 5 year chip guarantees.

Zenix®

Arcoroc Introduces Zenix®, a superior material that blends dinnerware durability and design to its highest level. This pure mineralized dinnerware material harmonizes the aesthetic food presentation desires of culinary professionals with their rigorous table-service demands. Zenix® dinnerware carries Arcoroc's five-year chip warranty and a first-time-ever 10 year shape warranty!

Fully Tempered Glassware

Arcoroc developed the Fully Tempered Glassware process in 1958. We still hold the leadership position by providing products that are up to 5 times more resistant to breakage – which makes them 5 times more practical in today's environmentally friendly restaurants. Fully Tempered Glassware offers fewer breakages, increased strength and safety for handlers – without the loss of style and elegance.

## Maxima

Maxima

Because commitment to excellence permits no compromise, Chef & Sommelier dinnerware is made with patented Porcelain Maxima®. This body is two times more resistant than other products of the same thickness, and we guarantee against chipping for five years.

Extra Strong Porcelain

Developed for professional-use, Extra Strong Porcelain is always a star performer. It offers up to twice the mechanical resistance and it's guaranteed against chipping for up to 5 years. Arcoroc porcelain boasts enduring scratch and dishwasher-resistance.

5 Year Edge Chip Guarantee

For information about our 5 Year Edge Chip Guarantee, please refer to page 162.

Arcoroc Bone China

Arcoroc Bone China is developed with 51% Bone Ash. Designed for maximum strength in ceramic, along with the clear translucency required by the finest dining rooms in food service. Arcoroc Bone China is covered with our 5 year edge chip guarantee on all pieces.
