

FoodHandler® risk nothing.™

TOUGH. TO RESIST.

DynaMax™ | nitrile gloves

When you're working with **citrus, raw meats and oils**, you need durable, quality gloves that **resist breakdown**. DynaMax™ Nitrile Gloves: **puncture-resistant**, long-lasting, comfortable. **Tough, affordable protection** to keep guests safe.

EXCEPTIONAL. VALUE.

DynaMax™ | nitrile gloves

Just one instance of glove breakdown due to working with powerful proteins found in raw meat, fats and oils can create an extremely serious problem for your business and, worse, your customers. Minimize risk with the reliability and easy wearability of new DynaMax™ gloves.

- + Puncture-resistant, yet comfortable and flexible.
- + The most economical nitrile option.
- + Specially designed to withstand rigorous use.

Convenient 200-count pack to save space.

Superior wet and dry grip for optimum performance.

Puncture resistant – great for shellfish and bone-in meats.

We're focused on helping protect the planet and future generations by reducing resource and energy consumption and developing environmentally friendly products. DynaMax™ gloves, for example, utilize an increased case pack of 200 gloves per box to reduce packaging waste.

NOW IN ENVIRONMENTALLY FRIENDLY PACKAGING FOR LESS WASTE

item#	size	description	case pack	total units	wt/cube
103-DM12	small	powder-free nitrile gloves	5/200	1,000	11.22/0.52
